PORABLE MISSIONARIES recorded december 1967 at the cosmic
kitchen (uu productions) vancouver, engineer : the cosmic chef

The hours drifted into night sounds the silence holding.

Eyes were removed from each other & had been since the beginning blue trying to retain now released.

He listened no tears just james brown. the ocean lucid his eyes LOST SOMEONE / ITS A MANS WORLD.

No screams tonight no furious moments.

seen long now felt.

He had known for a long time that his left hand was dying. Words no longer came to him or anyone. The trap built had encompassed but could be seen only now.

There were no more lies to discover or hide.

The silence in their parting the silence now here said all that could be said & more.

Merriweather WORRIED LIFE BLUES focussing the thoughts cool : he must find.

Theres no point in going if you dont too. His mind of the unknown trip to kensington market down spadina past nassau. It just didnt make it he/she.

His breath folded love someone love someone down.

The waters edge no edge his face had fallen thru the mirror into old remembrance.

The sun is more into the room. Love has darkness can have darkness is light only in life. His light now not so much but a shade of grey from blackness.

He had seen been the struggle no room for sight except

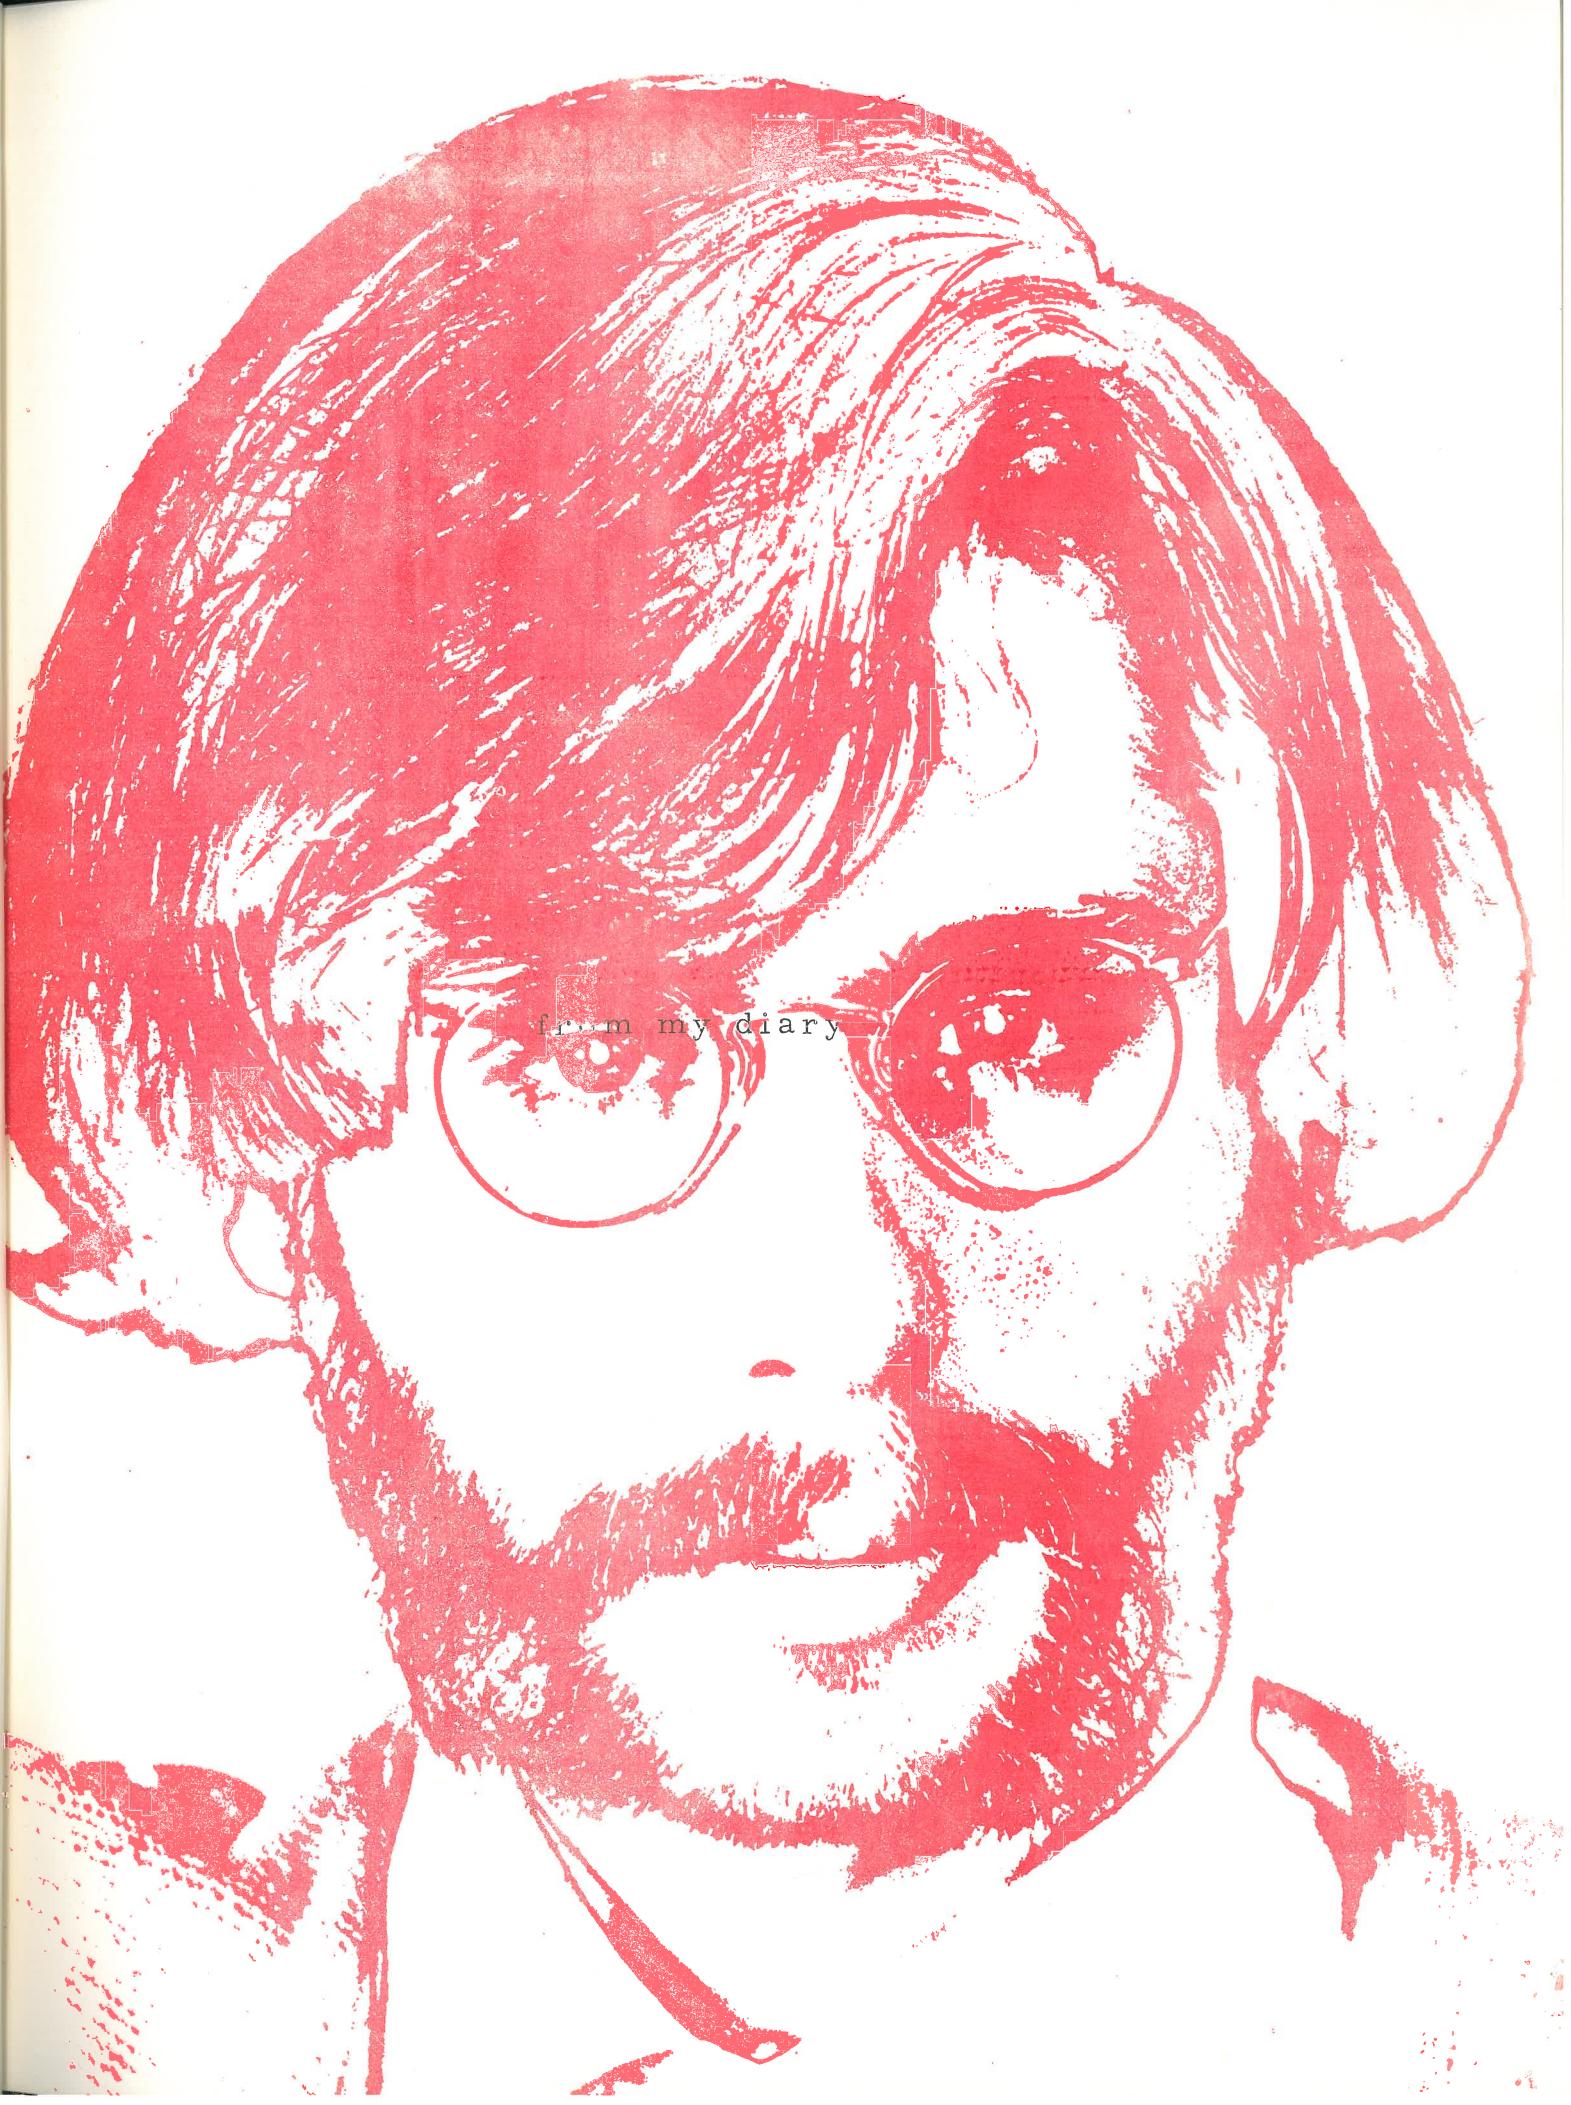

the face the body no eyes or beyond. She would often sit there where he looked by the phone her mind bended back to something that didnt exist something he knew of in her but could not see or believe. Something lost between the heart & the mind. His side drained. Useless blood pumping nowhere.

It wasnt him him him him it was HIM standing with hawks soaring in her mind - the explosion of hit was never felt except in long painful hours of a lifetime.

The sun is the day now almost over. There will be a full moon next week. Blood will not flow & hasnt in his memory. There be his life or the seed has rotted without a source.

His life being as he thought within her now only the object pulled from dry flesh he still breathes it cannot.

What can be anything. james brown. ITS A MANS WORLD. The same giving can only be given in a new life a light not yet unnamed.

Now is the time. Floating seas the past . 73 bernard avenue an inlet . Hello i dont know you youre not the same as yesterday . No. To be sick in our bathroom. The towels are free. Coffee. Plastic cups do melt from heat. I told you. Please believe me once.

I smashed a bottle against the wall above the chair. Later queens park. I couldnt face anything. Drive around. Yes you were right. I think ill tell her. Tell her. I cant. Its 3 oclock in the morning she isnt back yet. Tomorrow. Take the subway. Home in 10 minutes. Have lunch. Still not here. Back underground. She did & finally we left together from eachother. Late summer in the city. A new address soon to be lost.

Batman & robin in a gloryhole scene. Flash. Later coming in your mouth. You did not. I got what i wanted. Do we really. You couldnt swallow. What can we. The drapes closed the door open the balcony. City sounds i will be leaving soon. You wont be coming she is far away no one will be coming i am alone again. It is where it was.

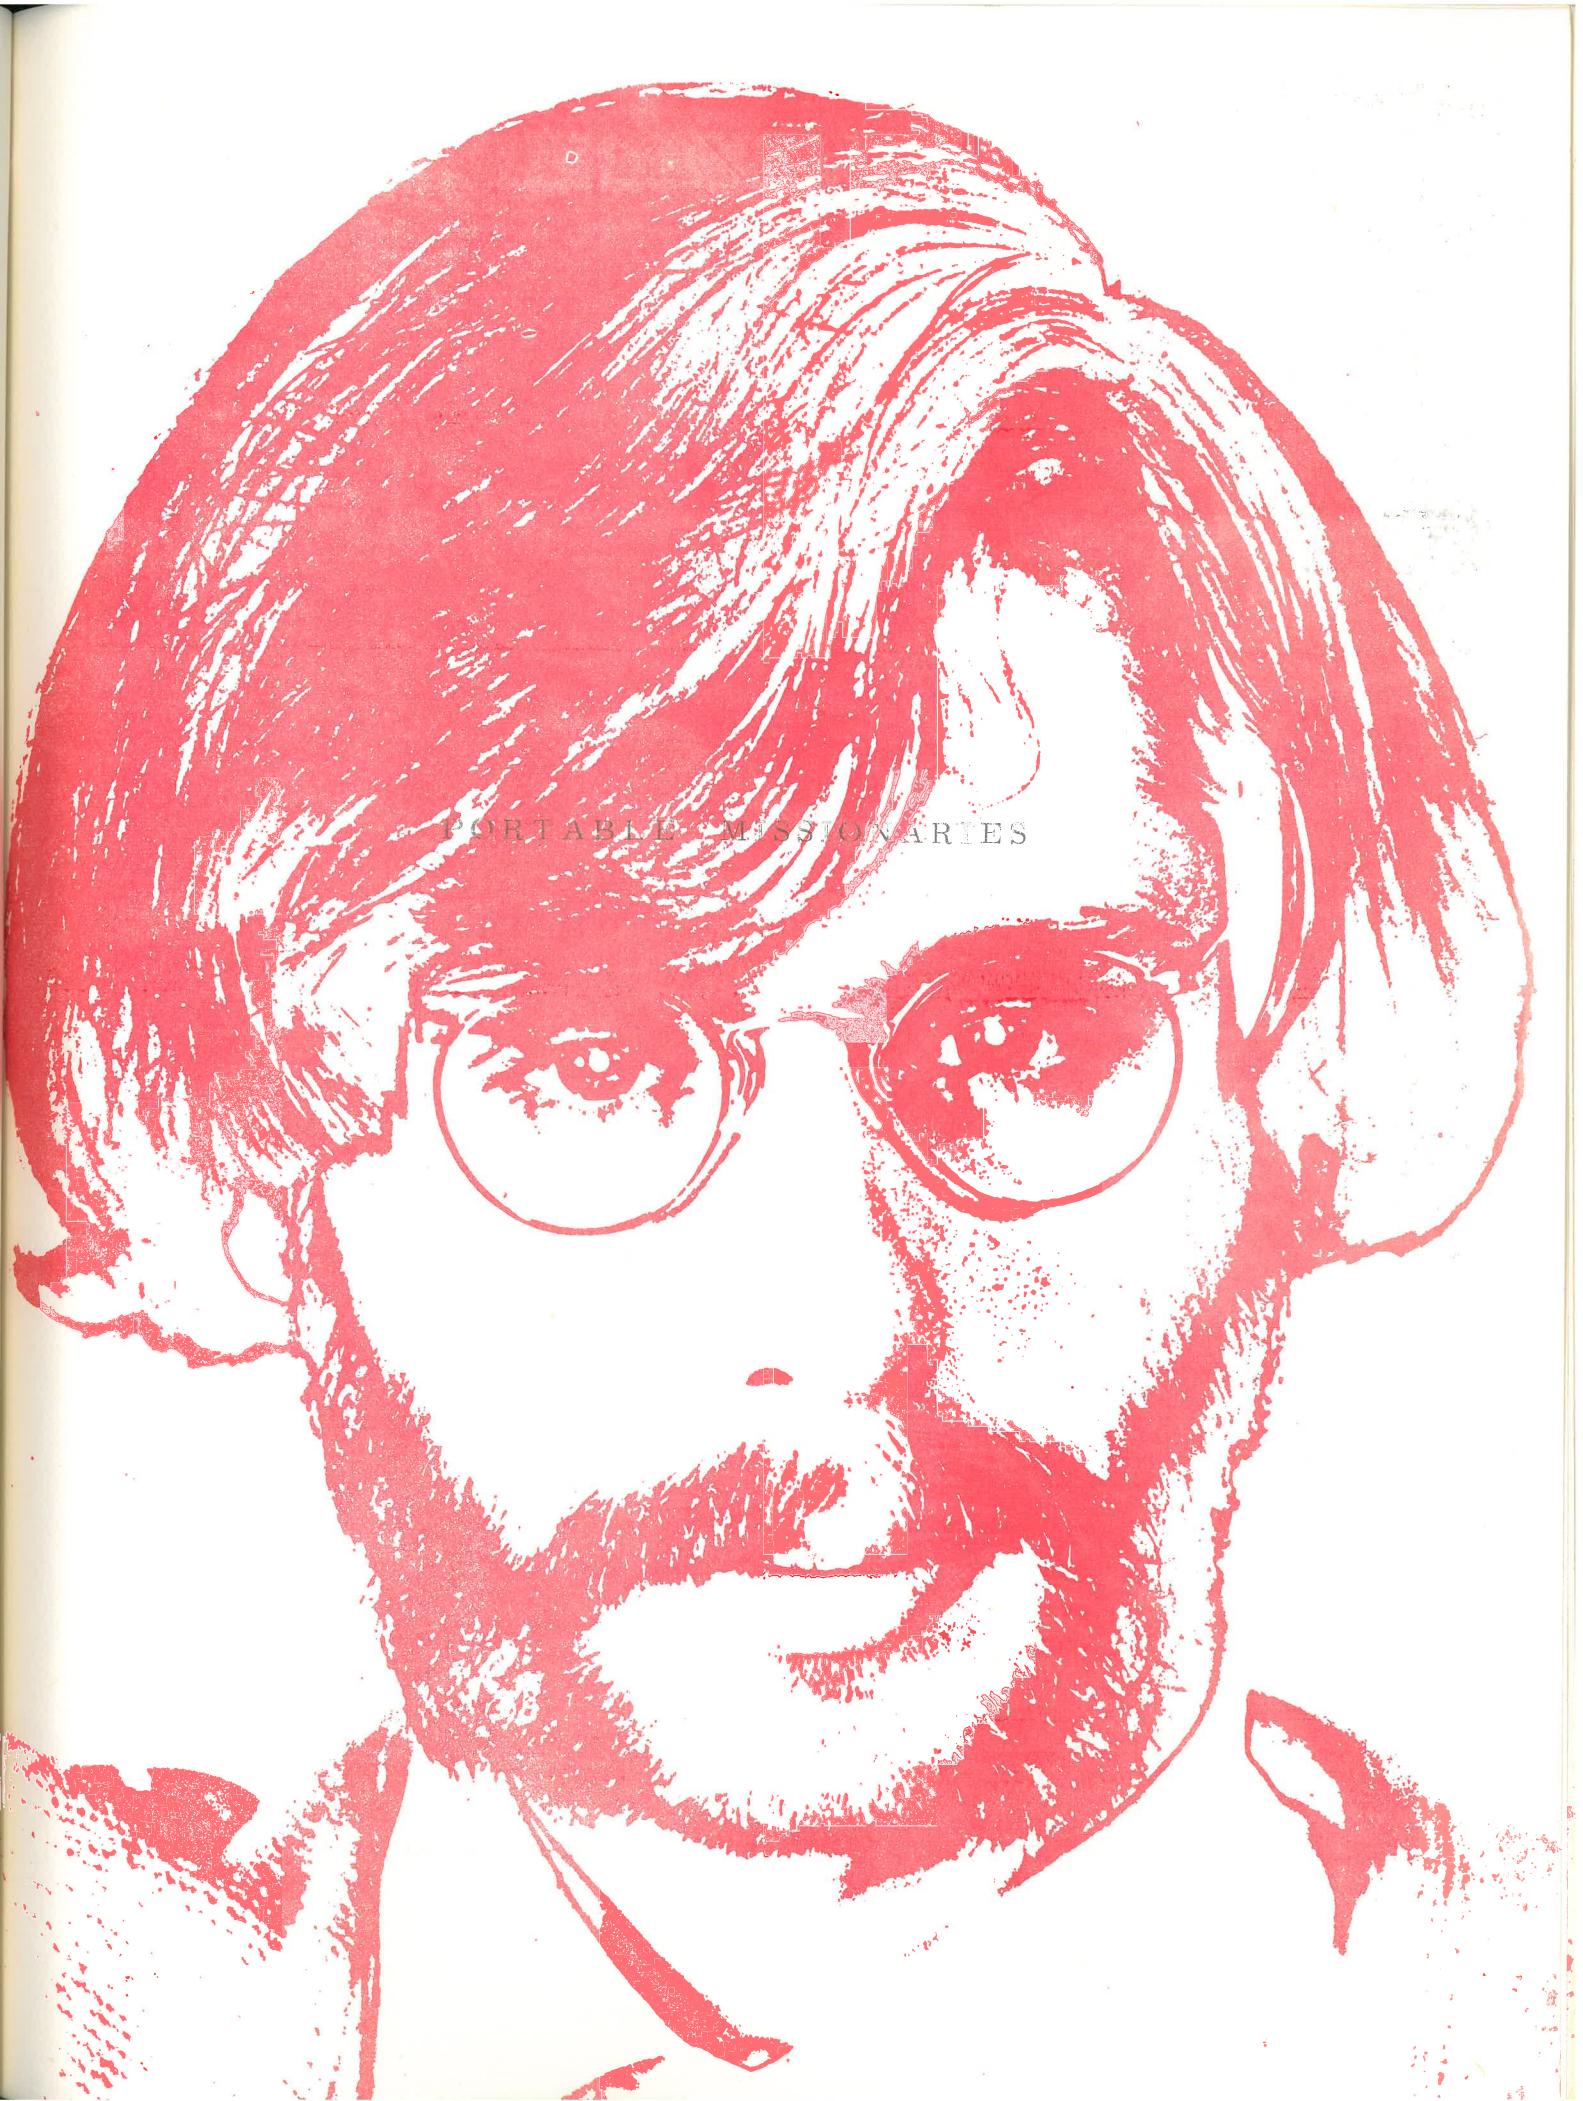

Where it was once i was a hero. I did tell lies. Her & me. I am no longer a hero not even in dreams. I still do dream but cant believe them. The sea is too much a mirror. I am now always with the mirror. I am now always trying to believe dreams & people. I am now always. Get me out. There are drums. The beat goes on. I am me you. Love power stations, It was never said. Please. Headlines announce. David was a king. He is now dead. David was a jew. He is now dead. That is history.

A time & a place. Speech evolves slowly. To you what more can be said now. Bad trips a 3 week down going further. What is left. Questions. Im afraid of answers. Its heart being chipped. I do. I do. Vacancies.

Barrie ontario. We were 8 years old. My room was blue. She was not well. At night i watched the drive in theatre screen in silence from my window. Helen w/ her loneliness downstairs drinking coffee & remembering. It had gone too far even then. Lynne 6 in her braids & my mothers hazel eyes & her brother for a father. It had gone too far even then. June her mother delores her father harold the church caretaker. Lovers at 9 strangers a year later. It had gone too far. 1958 helen moving to be w/ her family away from my fathers home we helens children followed. Never w/out death wishes speaking w/ my dead body. How many times can you die. It had gone too far. Aunt sadie died of cancer on a spring day. Seeing her before it did happen the hospital room filled w/ her gaunt face & the death i had spoken to. She had never married. Gave me my 1st cup of tea tot me how to drink it w/out sugar & milk looked so full of pain lying in the casket. It did rain the day of the funeral. It had gone too far. I was given life i didnt want. Be what you are david. W/out husband or lover i did love you i did love you w/ your white hair and serious eyes w/ your understanding w/ your life full of giving. It had gone too far ever to return. Be what you are david. It has gone too far to be anywhere else.

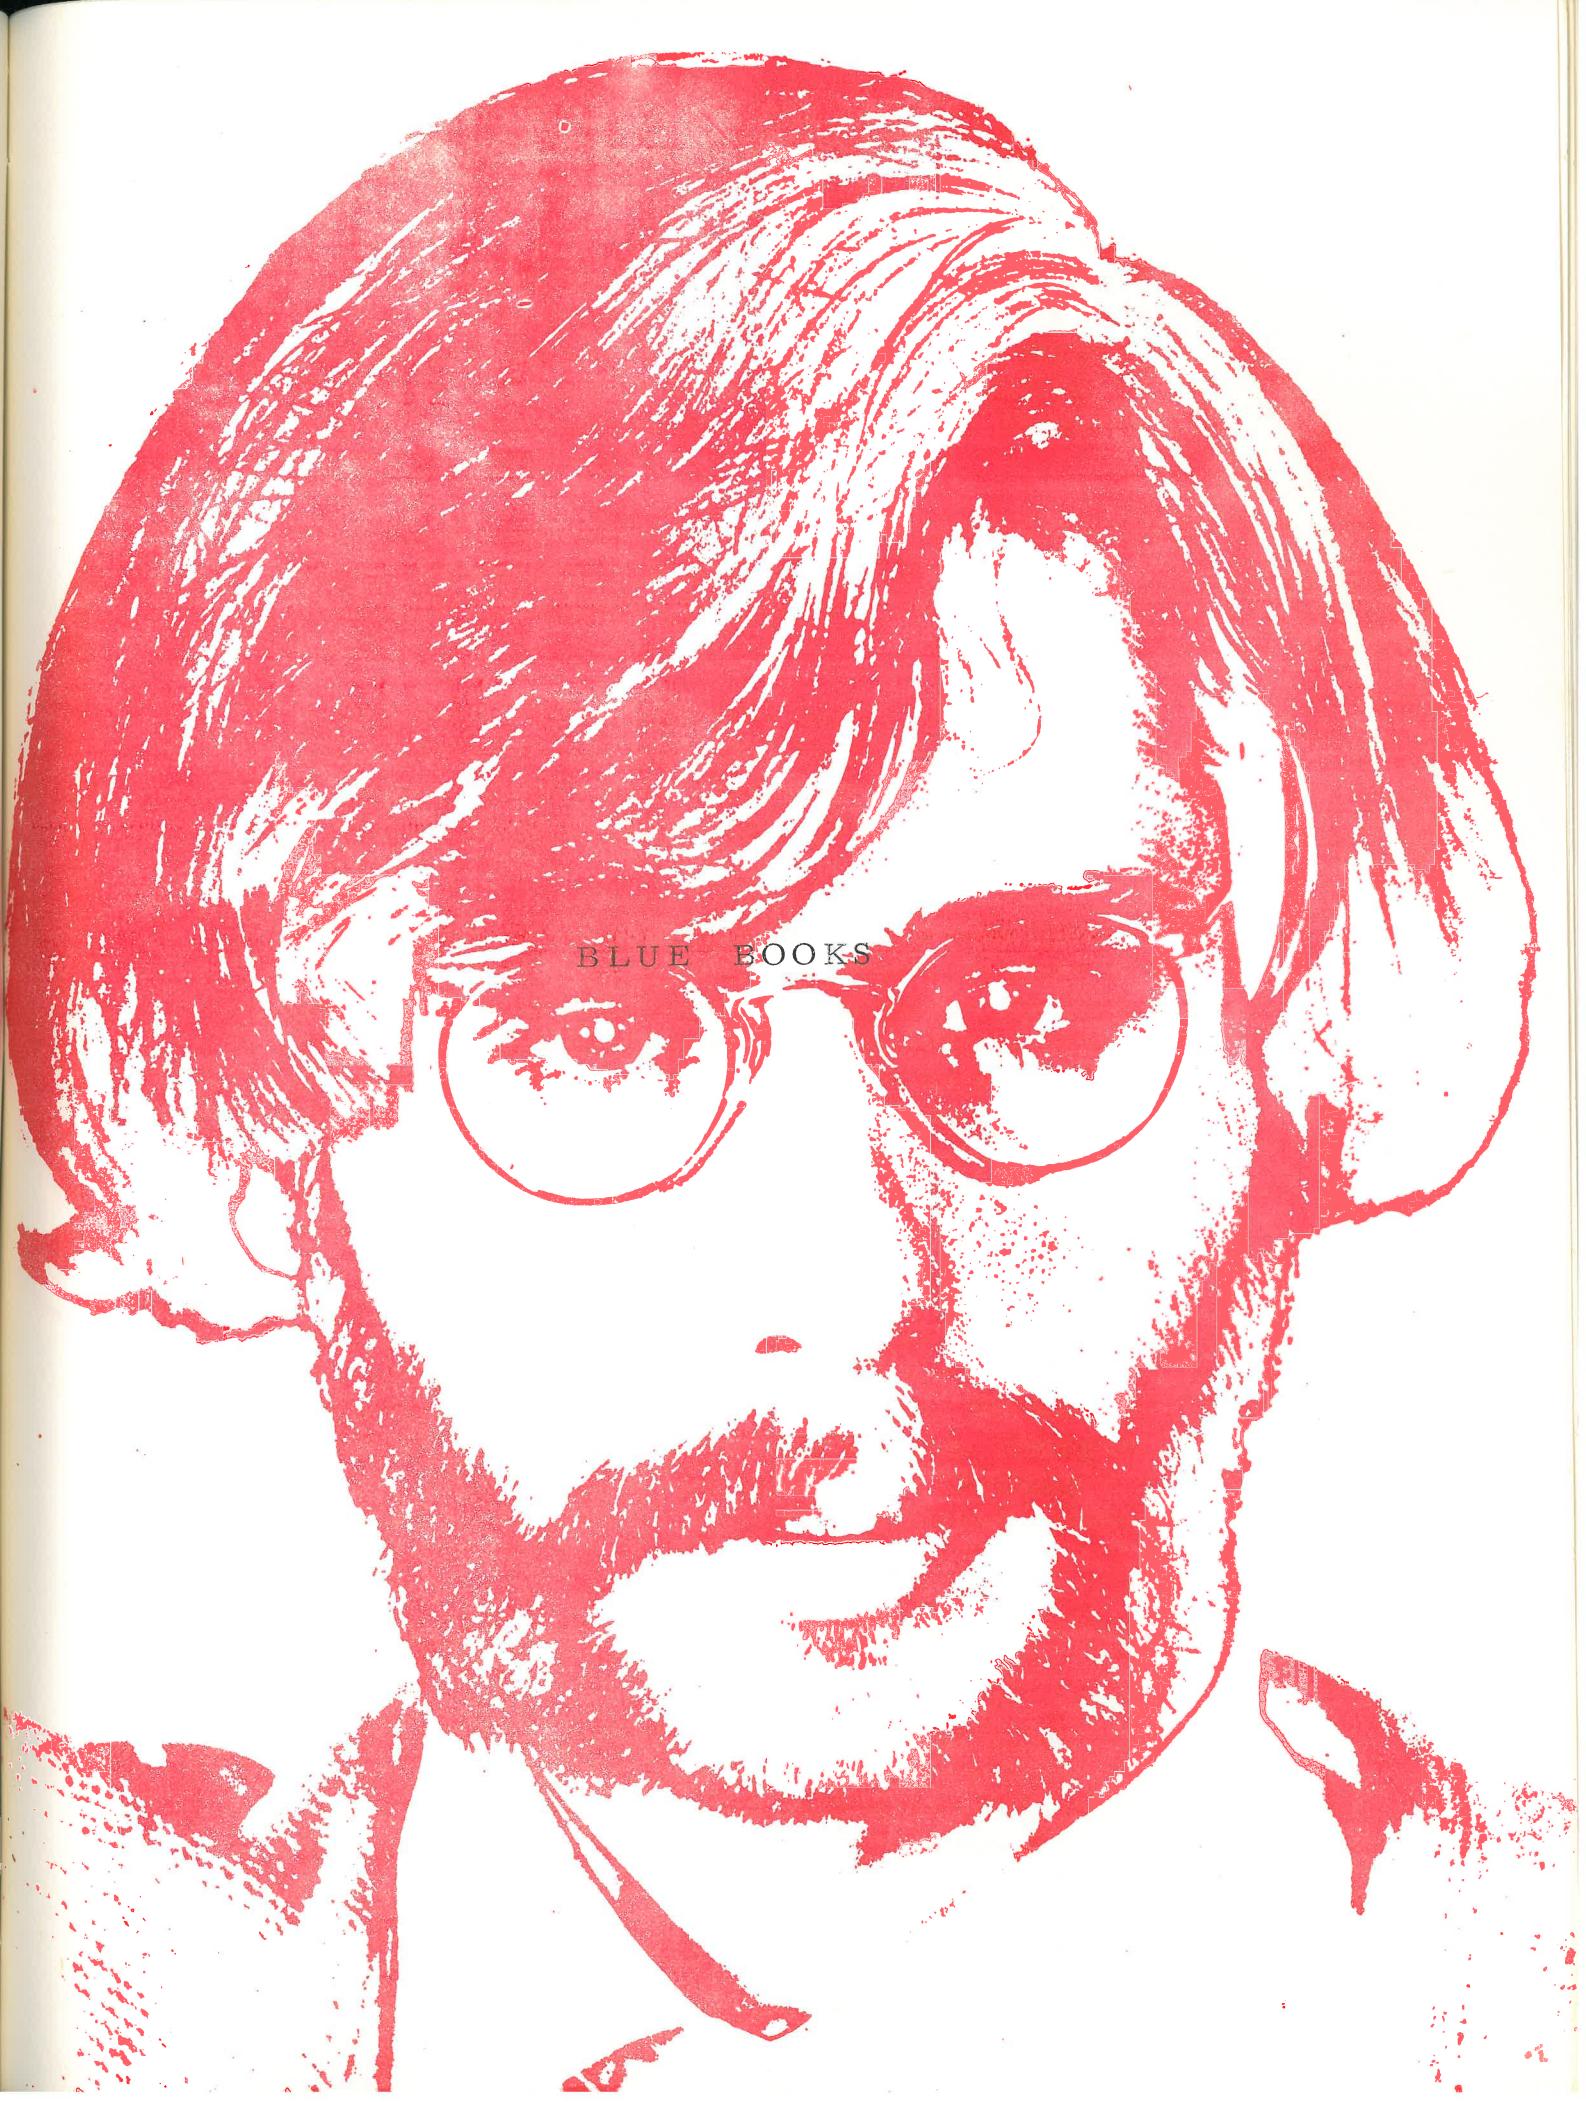

A time a place. The 3 time scars have gone w/in. There are other pains to carry. The knife i hold will always retain the blood. You be a place for me. If you can. To speak. An act of love. Space to move w/in. Or out. Questions. Vacancies. To be filled.

All the kings of england do desert us so well. & w/
style. Can we be deserted so well w/ so much style.
Is it so well we can be deserted. Or is that style.
Desert us. Desert us not so well. Do desert us.
You will in time desert us. Not w/ style. Do dessert
us badly. Badly well.

Prayers are sometimes answered. Grant us. Prayers.
Light. Orchestra. Orchestration. Prayers are
answered. Sometimes do grant us. Pray for grant.

A rhapsodie. Snow falls falls softly. A rhapsodie.
A fantastically epic element. Basic themes. Magyar
& gypsy. Do play well. Play well it will fall softly.
It cant be stopped. It begins in time. It does begin.
Fall softly well.

Blue books. A blue book sitting. This book open.
This blue book open does tell. Mother. A story to
be read. Do read us from the blue book. The blue
book has been set. In words it is sometimes sad.
It is sometimes very sad. Some blue books are
sometimes very sad to hear. Blue books are
sometimes not ever opened. Some blue books are
always closed. Some blue books are then never
read. Blue books. Blue books. This blue book.

Carry me not too far. Carry me only this far. I
can cross the river. We can cross the river. Carry
me only so far. Fish are for swimming. We do
walk together. Swimming is for water. Rivers are
for flowing. Stroking is not only wishing. Bring in
the wishing. Wishing is to be hopeful. Stroking
does well. Feel free. Inner outer. Stroking does
it well.

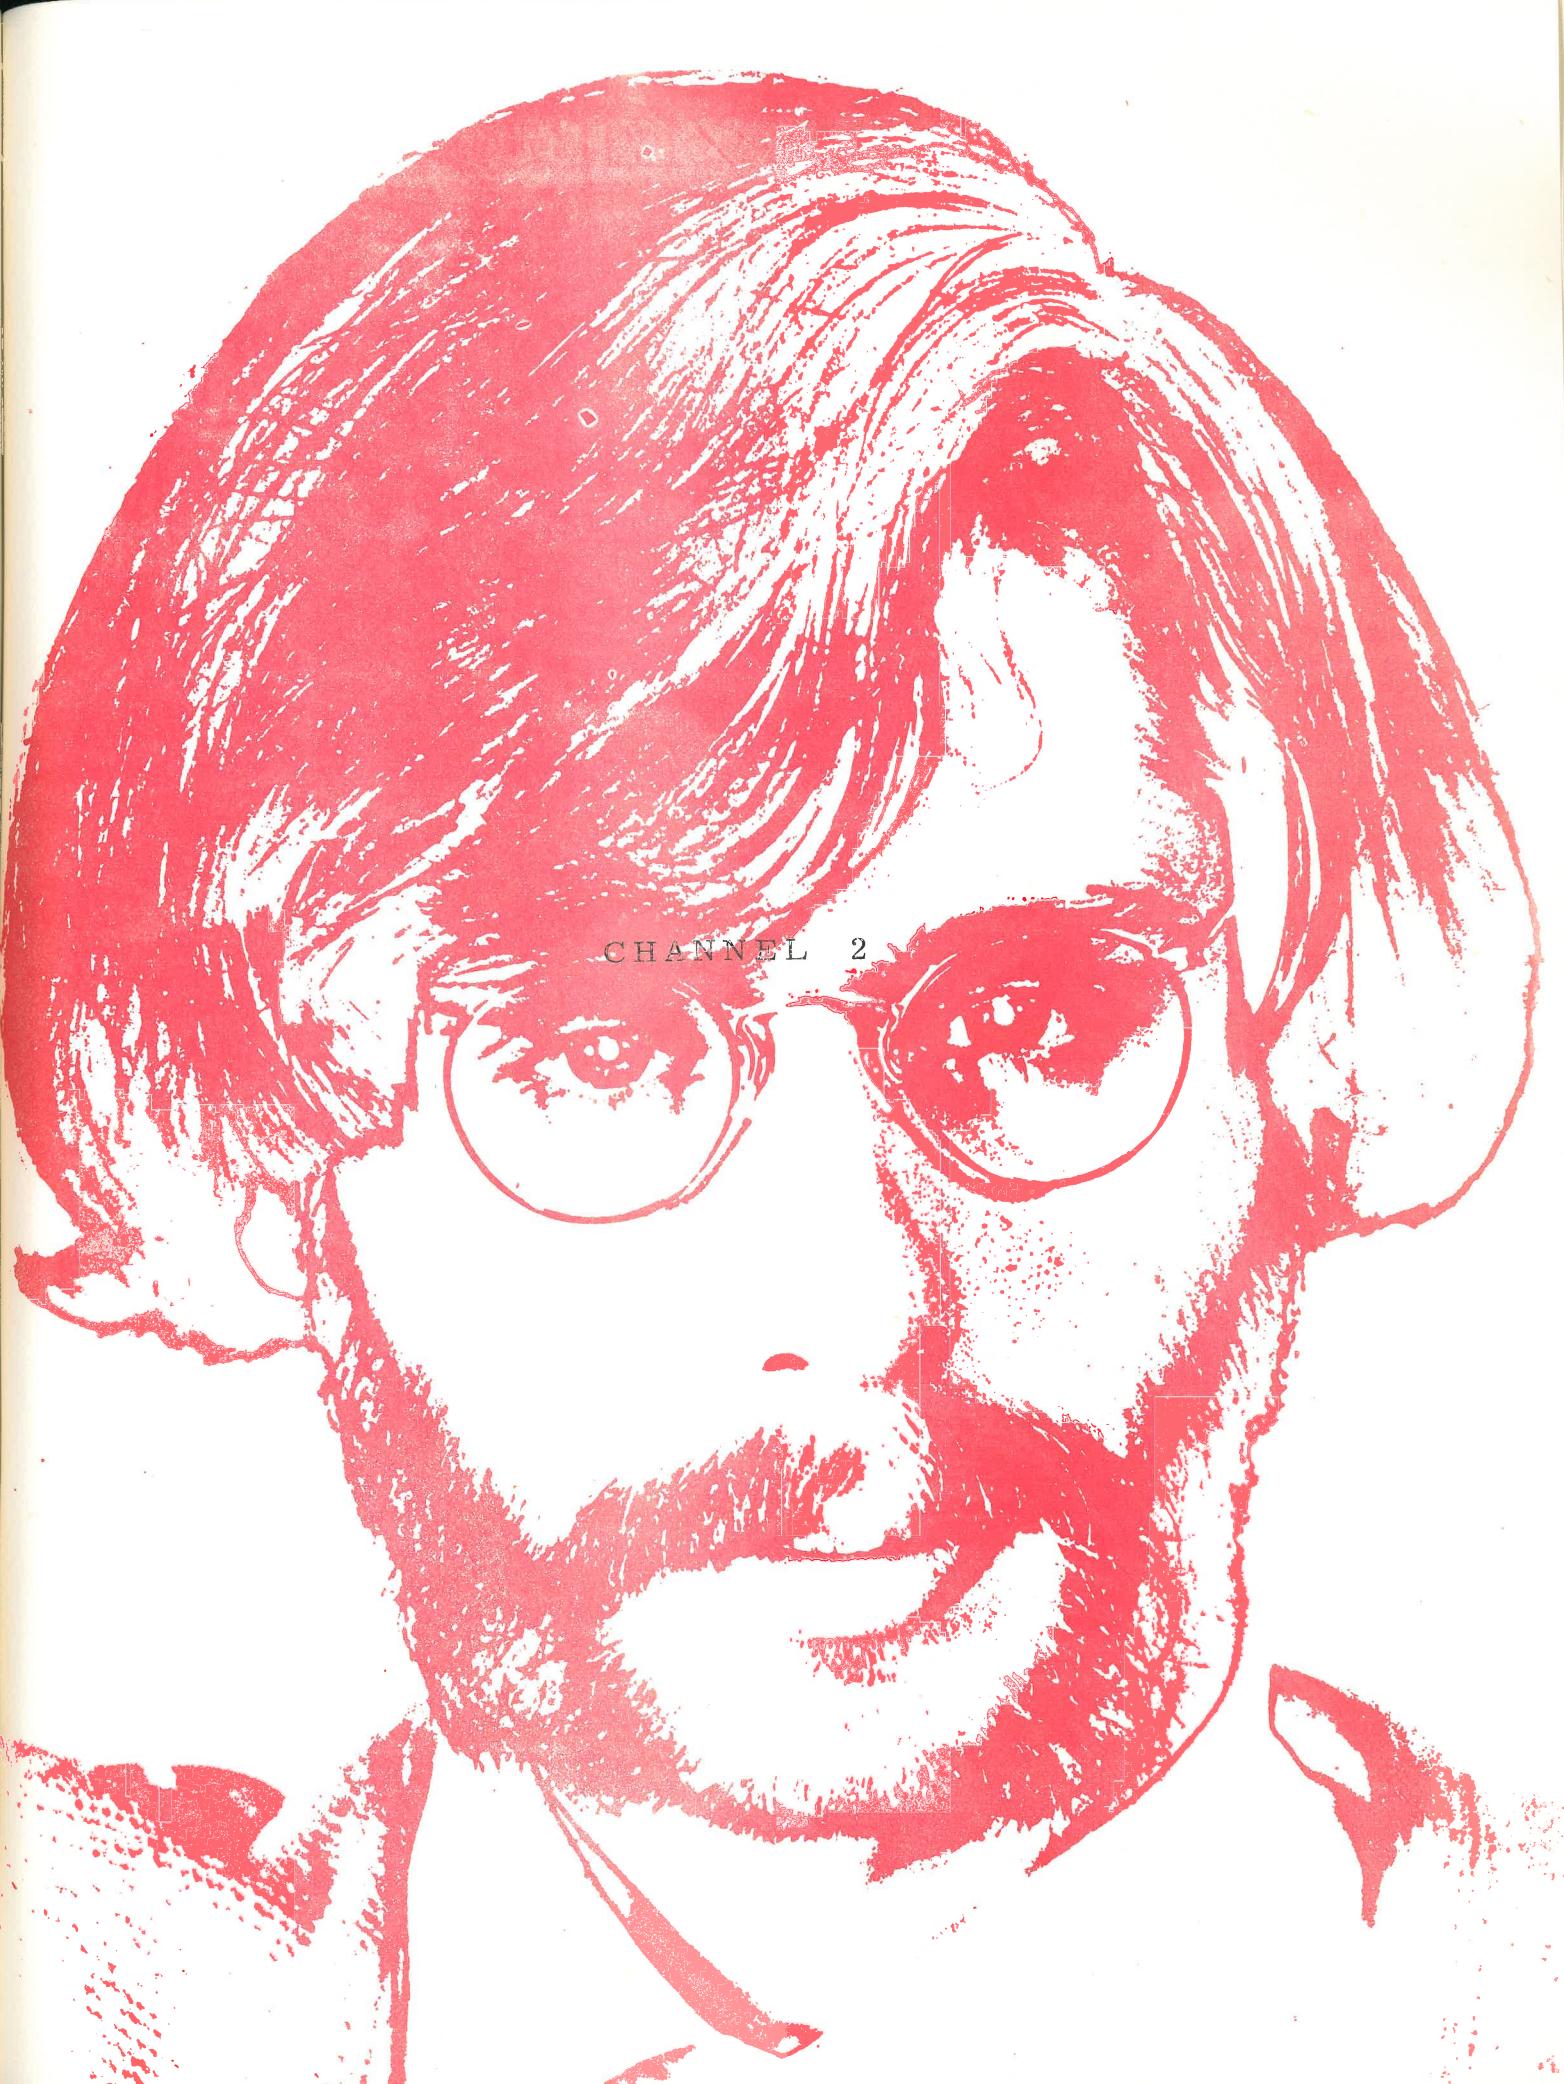

Lighting is sometime s silent. Lighting is not always
speaking.

Bells ring. Ring loudly. Chimes are not bells.
Chimes do not ring softly. Colors are not often
heard. Will cold melt. Will cold melt or mix
in mixing. Bells dont chime loudly. Is there

liking in living. Is there liking in liking living.
Is there liking in liking living living. Is there
living. Bells ringing. Ing ing ing. Ring.

The sun is in taping. Static radio. Is love presents.
